October 'Drop-in' Library Tutorials

During October, the library is offering some 30-minute, 'Drop-in' training sessions on using the online journals and databases. Dates and times of these sessions are available on notice boards, from the library, and from our library website at:

www.uoc.otago.ac.nz/departments/library/index.htm

Nurse.net

Vascular disease

www.vascular.co.nz/

This information resource about vascular conditions is the work of a vascular surgeon currently practicing in a New Zealand hospital. It includes articles which cover a range of topics such as angioplasty, stenting, aneurysms and varicose vein treatments. The articles are well-written and referenced, and the site includes extensive internet links to international information.

Procrasta.net

At a cinema near you

www.flicks.co.nz/

This site lists the movies showing across the country. Click on a movie title to see the localities, names of the theatres and times of the sessions available. There are trailers, reviews and news items. You can also use the site by choosing with your own location and then selecting a cinema to see the movie and session listings.
